Vacancy

## Prosthetist - Seacroft

We have an opportunity for a Prosthetist to join our team within one of the UK Premier Prosthetic Service Centres; senior clinicians and graduates are all welcome to apply.

Our partnership with Leeds Teaching Hospital Trust (LTHT) has created an environment that is unique and forward thinking and we are proud to be at the cutting edge of UK provision in this area. The centre has been recognised with a number of National Awards and is the only centre to have won the limbless award for the DSC of Achievement award more than once.

We offer the successful applicant a position that:

- Is in a central UK location where relocation costs are relatively low
- Gives you, as clinician, a key role in the local MDT.

This is because this role offers the successful applicant an environment where:

- You have full autonomy over appointment booking.
- You are given budget responsibility and prescription rights

We are the UK market leaders in the provision of clinically integrated CAD CAM Solutions.

We are also using other technology to provide an evidence-base to our clinical decision-making, for example the Compas system; and we were one of the first NHS services to use Wii Fit technology as part of the rehabilitation process.

If you are interested in joining such a unique and successful environment, please send in your C.V and cover letter by e-mail to:

Steven Carter: Prosthetics Clinical Services Manager,
