## Senior Orthotist - North London

Steeper Group is a privately-owned business that was formed over 100 years ago. Since then we have expanded across prosthetics, orthotics and assistive technology – with a focus on creating significant turning points in individuals' lives through exceptional clinical services and award-winning products.

We are a true leader in our market. From humble beginnings, we have grown to become one of the UK's largest suppliers of Orthotic, Prosthetic and Assistive Technology products. Uniquely, we combine age-old craft skills with the latest innovations in manufacturing and materials.

**Steeper's vision is to create life's turning points, together. We aim to do this with innovative prosthetic, orthotic and assistive technology products and services.**

An exciting opportunity has arisen for an Orthotist to join our London team. Whilst experience is desired, an Orthotist less experience demonstrating the necessary attributes for the role will be considered. This role will allow the successful candidate to develop orthotics practice within the North London and Southeast regions. Working in the Royal Free, Barts Trust, NELFT and other trusts within the region where deemed necessary. As well as the more specialist MDT clinics the caseload will provide enjoyable challenges working with neuromuscular, diabetic and MSK patients, where whole gait analysis and biomechanical solutions will be required. CPD time will be provided for self-development and development of the service, to ensure we maximise clinical outcomes.

As part of your role you will be expected to work autonomously to assess and treat a plethora of different conditions, using the full extent of your clinical knowledge. Good communication skills are essential for the patient experience, but also to develop strong relationships with key referrers within the multi-disciplinary team. Steeper will commit to developing your skills further through agreed annual objectives, but also within our internal clinical training programmes facilitated by our Regional and National Training Manager. We may also ask you to be involved in wider company initiatives such as our Best Practice, Product Evaluation and Innovation forum groups, or assisting in new product development, meaning your career with Steeper could be broader and more dynamic than your clinical role alone.

If you care passionately about the service you deliver, act with integrity in ethical decision making and care about making a difference to patient's lives, then Steeper would be a great career opportunity as your next clinical role. Any successful candidate will receive a competitive salary based upon experience and qualify for our employee benefits scheme.

What we offer in return!

- Competitive Salary
- Employee Assistance Programmes
- Gym Discounts
- Qualification Support

If you feel you have the necessary attributes to be considered for the above position or for informal discussions and more information please call Damien Askew on 07583785464 or by email [damien.askew@steepergroup.com](mailto:damien.askew@steepergroup.com).

Alternatively visit <https://www.steepergroup.com/about-steeper/careers/current-opportunities/> and download an application form from the website.

Due to the high volume of applications we anticipate we will receive for this role, in the event you have not heard from us within 14 days, we regret to inform you that you have been unsuccessful in your application.
