

## Made to Measure Last Maker

Steeper Group is a privately-owned business that was formed almost 100 years ago. Since then we have expanded across prosthetics, orthotics and assistive technology – with a focus on creating significant turning points in individuals' lives through exceptional clinical services and award-winning products.

We are a true leader in our market. From humble beginnings, we have grown to become one of the UK's largest suppliers of Orthotic, Prosthetic and Assistive Technology products. Uniquely, we combine age-old craft skills with the latest innovations in manufacturing and materials.

**Steeper's vision is to create life's turning points, together. We aim to do this with innovative prosthetic, orthotic and assistive technology products and services.**

We currently have a vacancy for a Made to Measure Technician to join our orthotic manufacturing team at our site in Leeds.

Our aim is to create positive turning points through innovative prosthetic, orthotic and assistive technology products combined with continuously committed clinical services. Joining Steeper as a Made to Measure Technician means you'll be part of a company which truly makes a difference to the quality of peoples' lives.

As a technician you will be responsible for last making made to measure footwear to specification as prescribed by the orthotists, with a view to learning inside corks raises as well.

You will be responsible for part of the process of making footwear that is bespoke and made to measure for an individual patient. As a technician it is highly important for orders to be actioned effectively and efficiently to satisfy the requirements of our patients and clinicians.

To do this role you will need to be confident at using hand tools, and excellent attention to detail. You'll also need to be focused and able to demonstrate that you can operate in a high pressure volume related environment, ensuring that all work undertaken is ready for delivery within the relevant timescales. In addition, you'll need to:

- Work with fellow technicians to improve processes and overall production effectiveness
- Maintain KPI's (key performance indicators)
- Train and develop others in the team
- Undertake training as deemed necessary
- Ensure all QA systems and working practises are strictly adhered to at all times
- Ensure that all NCRs are processed without a backlog
- Troubleshoot issues as and when required

The ideal candidate will have previously worked in a similar role, with experience in last making and/or inside cork raises. A creative nature and a keen eye for detail are also essential.

If you feel you have the necessary attributes to be considered for the above position, to apply, please complete an application form or submit your CV. Application forms can be obtained by emailing the HR team on (hr@steepergroup.com). Alternatively visit <https://www.steepergroup.com/about-steeper/our-people/careers/> and download an application form from the website.

Due to the high volume of applications we anticipate we will receive for this role, in the event you have not heard from us within 14 days, we regret to inform you that you have been unsuccessful in your application.
