

The Trés foot is a cost-effective, maintenance-free option for patients with low to moderate activity levels.

By incorporating a full-length toe lever and soft components to provide inversion/eversion, this dynamic response foot helps restore function at an affordable price.

The integral sandal toe foot shell is anatomically designed for an attractive, natural appearance and is reinforced with Impact Dispersion Technology™ (IDT).

CES CP F01: Use this code to read the Trés clinical evaluation summary on the Steeper website.
