# TASKA CX

The TASKA CX makes daily tasks easier, giving the user an enhanced sense of connection via fine control, contoured aesthetics, and personalisation features. Robust and waterproof, this prosthesis can perform a range of grips including the default general grip, flexitool, pincer, key and hook.

Not only is the TASKA CX lighter when compared to other multi-articulating hands, it also has a 20kg carry load capacity making it a strong hand with faster, more accurate control. The hand has built in wrist flexion to help reduce strain and fatigue from compensatory movements in the shoulder or torso.

#### **Features and Benefits**

- · Available in black and sand with a choice of five different coverplate options
- Small (71/4 inch) and Medium (73/4 inch) sizing
- MyTASKA App allows users to choose from a library of 18 preconfigured grips and five further custom options
- Waterproof IP67 rating up to the wrist
- Replaceable silicone grip tips for confident grip
- Quick Disconnect or Low Profile Wrist options
- 20kg overall carry load

#### Pictured with a Quick Disconnect Wrist and Dusk faceplate.

## Quick Disconnect Wrist - Lamination Collar Kits

Complete the waterproof solution with the IP67 rated TASKA QD Lamination Collar and 6-band Coaxial Plug (50mm and 45mm sizes available, 45mm shown).

Plug Type	Part Number
6-band (45mm, black)	NTASKA-12BB01
6-band (45mm, sand)	NTASKA-12BC01
6-band (50mm, black)	NTASKA-13AB01
6-band (50mm, sand)	NTASKA-13AC01

### **Quick Disconnect Wrist - Seal Ring Kits**

These kits contain all the required components to create a waterproof connection to either TASKA or Fillauer Motion Control wrists.

Colour	Seal Ring Type	Size	Part Number
	TASKA Seal Ring Kit	45mm	N193-20-025
I Black	TASKA Sedi KITIY KIL	50mm	N195-20-003
DIACK	MC Seal Ring Kit	Small	N193-20-010
MC S	MC Sear King Kit	Medium/Large	N195-20-004
Sand	TASKA Seal Ring Kit	45mm	N193-20-028
	IASKA Sedi Kilig Kit	50mm	N195-20-003-SN
	MC Seal Ring Kit	Small	N193-20-029
	Pic Sear King Kit	Medium/Large	N195-20-004-SN

#### **Low Profile Lamination Kit**

For fabricating a new Low Profile socket. Power Switch, Battery, Switch Block and Lamination Dummy Blocks may also be required.

Wrist Size	Part Number
45mm	N193-20-011
50mm	NTASKA-13CD01

#### **Car Charger**

Charge the TASKA Hand on the go. For use in 12 - 24V car accessory sockets.

Part Number NTASKA-CC-01

#### Low Profile Maintenance Kit

For fabricating a new Low Profile socket. Power Switch, Battery, Switch Block and Lamination Dummy Blocks may also be required.

Part Number N193-20-026

#### **Hand Travel Case**

Protect the TASKA Hand while travelling or not in use.

Part Number N192-20-002

#### Switch Block

For replacing the Switch Block supplied with Low Profile TASKA hands. Used to connect the power system to the EMG inputs and the TASKA hand.

Part Number N152-20-014

## TASKA Battery

Additional 2000mAh battery to be used with the TASKA Power Switch.

Part Number NTASKA-BIG1-1

### Mains Charger

Charge the hand from anywhere with a wall plug. Package includes universal plug kit.

Part Number NTASKA-MC-01

#### **Power Switch**

For use with the TASKA Battery and chargers.

Part Number NTASKA-PWR-01

## Myoelectric Hands and Components - CX

### **Battery Y-cable**

Double the total capacity of the TASKA Power System by adding a second battery to the prosthesis.

Part Number

N152-00-064

### **Lamination Dummy Blocks**

For fabricating a prosthesis. Kit contains lamination dummies for both battery cells, Power Switch and a drill guide for the Power Switch (not shown).

Part Number

NTASKA-MDB-01
